We are off Route 22 heading towards Armonk. You will see a light where you can make a right towards BOCES. Don't make a right, but bear right and head straight towards a long, steep driveway.

If you are going Southbound on Route 22 towards White Plains, the turn will be on your left at the stoplight. The water will be on your right and the BOCES sign on your left. Make a sharp left and go up the steep driveway.

If you're coming the opposite direction from Old Orchard Street (West Harrison), you will see when you get to route 22 that you can make either a left or a right. The Dam will be right in front of you. Don't make a right on 22, but there will be the driveway right beside it with a white sign that has St. Christopher's, Inc. Jennie Clarkson Campus, follow it up and go all the way to the top.
